### THE EUROPEAN PETANQUE CHAMPIONSHIPS 2022

The European Petanque Championships Singles and Doubles will be held in 's-Hertogenbosch from 13 to 17 July 2022. The European Championships are organized by a combination of partners: the Dutch Petanque Federation (NJBB), the municipality of 's-Hertogenbosch, BrabantSport, the Ministry of Health, Welfare and Sport, NOC\*NSF and sports events agency Team TOC.

#### WHERE?

The European Petanque Championships 2022 will take place at the Parade in 's-Hertogenbosch. On the famous square, 22 covered petanque courts will be built, where the best petanque players in Europe will compete for the European titles in the categories tête-à-tête (men and women), doubles (men, women) and mixed (man/woman). In addition to the competitions, you can enjoy good food, drinks and music.

#### EC PETANQUE IN THE FIGHT AGAINST LONELINESS

The social spin-off of the event is also very important. One of the objectives of the European Petanque Championships 2022 is to reduce loneliness. By organizing a tournament for all residents of the city, among other things, sport is used to strengthen social cohesion in the neighbourhoods.

#### 50TH ANNIVERSARY NJBB

In 2022, the Dutch petanque federation (NJBB) will celebrate its 50th anniversary. The European Championships are a wonderful way to celebrate this milestone. ## OPENING CELEBRATION

The closing party is a much appreciated part of international petanque championships. Well, in 2022 we plan on changing this up a bit. In stead of a closing party, we would like to celebrate the start of this great event with all participants at the opening celebration.

On Wednesday afternoon, the championships will be opened at the official opening ceremony at the championships venue in the city centre of 's-Hertogenbosch. The draw will be part of the official opening. After this, the opening celebration will take place at this location as well. We hope all participants and everyone involved will join us in celebrating these European Petanque Championships!

## CONFÉDÉRATION EUROPÉENNE DE PÉTANQUE

The Confédération Européenne de Pétaque (CEP) is the Continental confederation for the sport of petanque in Europe, with its registered headquarters located at the FLBP National boulodrome in Luxembourg. The CEP organizes various tournaments, World Cups and European Championships throughout Europe. These tournaments focus on the different disciplines within the pétaque sport.

Administered by a team of 11 Directors, each from a different European federation, the CEP currently has a membership of 40 federations who together represent 8627 clubs and almost 400,000 individual members, making Europe the largest of the 5 continental confederations for petanque. The CEP focuses on supporting its members, managing European petanque related projects and organising various annual events, including their European Championships of Triples, Doubles, Singles and precision shooting for men and women of all ages.

The initial design of the CEP was to provide a European Triples Championship for Juniors and Women in the year between their World Championships. In 1998 a junior championship was held in Dijon, France, which was followed in 2000 by the first official European Championship for Juniors in Liège, Belgium. The following year the 1st European Triples Championship for Women was held in Strasbourg.

During the European Congress (Denmark) in 2005, the CEP introduced the Espoirs Championship, specifically for adults under the age of 23 years. For a while there was no European Mens Championship, but in response to the FIPJP introducing a 48 team limit for the World Championship Men, the CEP decided to organise the 1st Mens Triples Championship in 2009 (Nice, France) as a method of qualification to find the 24 nations that would represent Europe at the World Championships.

In 2012 the Directors organised the first European Veterans Triples (55+) Championship in Hvidovre, Denmark, the only international championship for veterans, which makes up the majority number of members in each federation. To complement their Singles Championship, the CEP has added the Doubles Championships - Men, Women and Mixed, which sees its debut in s-Hertogenbosch, Netherlands 13 - 17 July 2022.

## DUTCH PETANQUE FEDERATION

The Dutch petanque federation, the NJBB (Nederlandse Jeu de Boules Bond), is a sports federation that stands and stands up for the interests of the petanque sport in the Netherlands and facilitates the sport nationally for different target groups at different levels.

### VISION

The NJBB is the authority in the field of jeu de boules in the Netherlands and facilitates a suitable offer for practicing the jeu de boules sport for different target groups at different levels.

### COURSE

In order to realize the mission and vision, the NJBB follows the course: petanque as a competitive sport. In the activities of the federation, the focus is on positioning and promoting competitive sport. For example, a new national competition has been developed (the National Petanque Competition), the quality of the National Championships has been improved, the NLpetanque sports platform has been launched, the training courses for referees, match directors and petanque instructors have been developed and a lot of attention has been paid to the district competitions. In order to achieve this, it is also important to put the association's organization in order and to organize activities more efficiently and with an eye for quality and continuity. As of January 1<sup>st</sup> 2017, a new organizational structure is in force, in which the forces are bundled and the sport is organized close to the association.

## TEAM TOC

Team TOC is the local organizer of the European Petanque Championships 2022. TOC stands for The Organizing Connection. Our name says it all: we are the binding factor in any event's organization. From permits and licences to logistics and from sales to operation: we oversee it and make sure that everything fits seamlessly. That is the true secret of a successful event: the fact that we leave nothing to chance, because an event is much too valuable for that.

Team TOC was founded in 1998. In the past twenty years we gained a considerable amount of knowledge about organizing (large) sports events. Team TOC is known for its friendliness and hospitality. Its partners regard Team TOC as a loyal and enthusiastic partner to work with. We will give you an impression of the many sports events that Team TOC has already organized.

Team TOC is already a familiar face in the cycling world. In addition to several UCI Cyclo-cross World Championships, Cyclo-cross World Cups and UCI BMX Supercross World Cups, we were also involved in the UCI Road World Championships in Limburg (the Netherlands), Florence (Italy) and Ponferrada (Spain). In 2016, we organized the AFAS Tennis Classics (Apeldoorn, the Netherlands) for the fifteenth time. We are also creative and together with Red Bull Netherlands we launched a new cycling concept in 2015, which was a huge success and ran till 2018.

In addition to the various big events, we ventured into the Para world in 2015 and organized the UCI Para-Cycling Track World Championships, which we repeated in 2019. It was a busy year, because in 2019 we also organized the UCI Para-Cycling Road World Championships and the World Archery (Para) World Championships. True athletes showed us a lot of passion for their sport, which made us even more passionate about creating a perfectly organized event with specific needs.

After several big events in cycling, tennis and archery we came in contact with petanque. Once we saw this sport, we decided to set our sights on showing it to the rest of the world by organizing European Championships in the Netherlands. Organizing the 2022 European Petanque Championships will give us the opportunity to promote petanque in the Netherlands, to surprise the Netherlands and Europe by showing them the attractiveness of petanque and to show how sports can connect people.

Our sport is organizing events and taking care of everything behind the scenes the best way possible with our winning team. To do that we use our experience and network and of course the efforts of volunteers, the city and the National Federation, otherwise organizing European Championships would be impossible.

### BY BIKE

Travel the Dutch way by bike. Did you know that there are more bicycles in the Netherlands than people? The easiest transport option in the Netherlands is by bicycle. A bike will be available during the event days for you upon request. This way you are able to cycle wherever you want to go, when you want to go there.

The distance between Van der Valk Hotel 's-Hertogenbosch-Vught and the event venue at the Parade in the city centre is 2,9 km which means the route will take you about 10 minutes by bike.

### GENERAL TRANSPORT OPTIONS

Besides specific event transport, there are a few general transport options for both local transport as well as for your arrival in the Netherlands.

These options are not just applicable to teams staying at Van der Valk Hotel 's-Hertogenbosch-Vught, but also to teams staying at Golden Tulip Hotel Central.

### LOCAL PUBLIC TRANSPORT

Local public transport in 's-Hertogenbosch is offered by bus. There is an extensive bus network throughout the city. If teams have used the morning shuttles to travel from their hotel to the event venue, the organization suggests public transport by bus to travel back (and forth) to their hotel in the afternoon or evening.

Teams can use local public transport by showing their event accreditation to the bus driver when entering the bus.

### BY AIRPLANE

There are two large airports in the Netherlands that are most convenient to use when travelling to 's-Hertogenbosch. The biggest airport in The Netherlands is Amsterdam Airport, which is about an hour from 's-Hertogenbosch. Closer to the event city is Eindhoven Airport. This airport is a bit smaller, but covers a lot of European flights. Eindhoven Airport is about 30 minutes from 's-Hertogenbosch.

More information about how the organisation will welcome and assist teams at the airport and train station will be announced at a later time.

### BY TRAIN

After your arrival in the Netherlands, the train is an easy and convenient way to travel to 's-Hertogenbosch. From Amsterdam Airport the trip, directly from the airport to 's-Hertogenbosch central train station, will take approximately 1 hour. The entrance to the train station is located in the arrivals terminal at the airport. The costs are approximately € 18,- per person for a 2nd class one way ticket. Book your ticket one month in advance on the website: [www.ns.nl/en](http://www.ns.nl/en).

There is no train station at Eindhoven Airport. There is a bus stop, from where a bus can take you to Eindhoven central train station. From this train station, a direct train connection brings you in about 20 minutes to 's-Hertogenbosch central train station. The costs are approximately € 7,- per person for a 2nd class one way ticket. Book your ticket one month in advance on the website: [www.ns.nl/en](http://www.ns.nl/en).

From the 's-Hertogenbosch central train station, there is a bus connection to Van der Valk Hotel 's-Hertogenbosch-Vught. The bus station can be found by turning right when leaving the train station at city centre side and/or by following the 'bus' signs at the train station.

Golden Tulip Hotel Central is located within walking distance of the train station.

More information about how the organisation will welcome and assist teams at the airport and train station will be announced at a later time.

## BY CAR

The Netherlands is a small country, which luckily means that distances are never very far and can easily be done by car. For example, a car ride from Amsterdam Airport to the 's-Hertogenbosch city centre takes just a little over an hour and from Eindhoven Airport even half of that.

The city of 's-Hertogenbosch is also very easily accessible by car. For more information about travelling by car to and parking at the hotels, see the accommodation information on page 8.

Every team that books their accommodation through the organization will receive 1 parking ticket to the Sint Jan parking garage. The address is Hekellaan 25, 's-Hertogenbosch. This is fairly new, the biggest parking garage in 's-Hertogenbosch and opened 24 hours a day, 7 days a week.

Please contact Team TOC for more information about car rental options.
